Dear Rees Scholarship Committee,

Thank you for selecting me as a qualified applicant for the Rees Scholarship. I am honored to receive such an award that will help further my education. I am truly thankful for people that believe investing into my education is important and worthwhile.

The Rees Scholarship will help finance my college education at Ferris State University at which I am majoring in the HVAC/R Engineering Technology program. I have been a part of the program for one year and have no regrets about going to Ferris State University or my major. The HVAC/R program is exceptional and the instructors have a vast knowledge of what they are teaching and truly desire to see each and every student succeed. The Rees Scholarship lets me be a part of this experience and for that I am grateful

In closing, after I graduate from college and enter the HVAC/R career field, I will know that I have the responsibility to be a leader that pushes others to perform at the task at hand, and to set an example of quality workmanship in everything I do. Thank you again for choosing me as a recipient and for investing in my education.

Sincerely,
